Dear Sir,

Subject: Regulation (EC) No 669/2009 on an increased level of official controls on imports of certain feed and food of non-animal origin – Tenth Review of Annex I

Regulation (EC) 669/2009¹ sets out EU requirements concerning import controls to be carried out on feed and food of non-animal origin by EU Member States' competent authorities. These rules require EU Member States to perform a uniform level of border controls on certain imports which are listed in Annex I to the abovementioned Regulation. The list of concerned feed and food is subject to review on a quarterly basis, so as to reflect the most recent data available concerning the risks identified.

Annex I currently includes *Capsicum annuum* (whole, crushed or ground) from your country for possible occurrence of aflatoxins and ochratoxin A, which are subject to a control frequency for physical checks of 10%.

Following the last review of Annex I, I am pleased to inform you that **delisting** of the above product is being considered at present.

The above proposal, alongside other amendments to Annex I which are required at this stage, will be discussed with EU Member States in the coming weeks. You will be informed in due time of the outcome of such a discussion.

¹ OJ L 194 25.07.2009 p. 11

Should you require more information concerning Regulation (EC) No. 669/2009 and/or the measures specifically affecting your country, please do not hesitate to get in contact with Ms Carmen Garau, Head of the Enforcement Unit (Carmen.Garau@ec.europa.eu, Tel. +32 (0) 2 29 58 937 or Mr Lorenzo Terzi (Lorenzo.Terzi@ec.europa.eu tel. +32 (0) 2 29 68 555), Head of Bilateral International Relations Unit in this Directorate-General. Both of them will be available to address your concerns and arrange a meeting with you if needed.

Yours faithfully,

Paola Testori Coggi
